MINI EXCAVATOR | 16C-1/18Z-1/19C-1/19C-1 PC

Transport weight: 1479-1868kg Gross engine power: 11.7kW

CHOOSE YOURS.

Our I-2T new generation compact excavators are designed to match your exact requirements. Choose from 3 conventional tailswing models, the I6C-I, I9C-I and the I9C-I PC or the I8Z-I with zero tailswing.

CHOOSE TOUGH.

Hydraulic hoses are routed through the kingpost, boom and dipper to protect against site damage. Top-mounted boom ram reduces the risk of damage when loading.

CHOOSE EASY.

Pre-start checks are easier than ever with an external sight glass to check hydraulic oil levels and a quick to view analogue hour meter.

CHOOSE QUICK.

Utilise a quick turnaround with easy-to-clean sloping undercarriage, fast changeover of attachments and easy transportation with 10 tie-down points.

CHOOSE VALUE.

Our new generation minis are designed with your profits in mind with a simple, classic design, low cost maintenance and easy repairs.

CHOOSE SAFE & SECURE.

Thatcham approved immobiliser, with remote pin code management, eliminates unauthorised starts. Optional LiveLink provides added security.

Lift capacity over front.

Notes:

1. Lifting capacities are based on ISO 10567, that is: 75% of minimum tipping load or 87% of hydraulic lift capacity, whichever is the less. Lifting capacities marked* are based on hydraulic capacity.
2. Lift capacities assume that the machine is on firm level ground and equipped with an approved lifting point.
3. A bucket must be fitted when lifting, the weight of this bucket must be deducted from the above lift capacities.
4. Lift capacities may be limited by local regulations. Please refer to your dealer.

Notes:

- Lifting capacities are based on ISO 10567, that is: 75% of minimum tipping load or 87% of hydraulic lift capacity, whichever is the less. Lifting capacities marked* are based on hydraulic capacity.
- Lift capacities assume that the machine is on firm level ground and equipped with an approved lifting point.
- A bucket must be fitted when lifting, the weight of this bucket must be deducted from the above lift capacities.
- Lift capacities may be limited by local regulations. Please refer to your dealer.
