

POWER TOWER nano

more room to work in tight places

Welcome to
Power Tower **nano**
the ultimate in powered
low-level access.

Push into position, step into the platform,
press a button. **Simple. Safe. Efficient.**

No climbing platform steps, podiums or erecting
scaffold towers, the Nano is the cost effective, safe
alternative.

At Power Towers we believe safety is paramount.
In line with the Power Tower range, Nano has
Auto-Lok wheels on elevation - as standard.

Available in 1.8m and 2.5m platform heights (3.8m
and 4.5m working heights), the heavy-duty Nano
maximises platform size whilst minimising working
footprint, giving the operator more room to work!

- 3.8m and 4.5m working heights
- Low platform entry height only 360mm
- Only 750mm x 1195mm working footprint
- Passes easily through single doorways
- Large 1000mm x 730mm platform size, gives
the user more room to work
- Heavy duty Auto-Lok wheels provide a secure base
- Heavy duty *Ultra-Glide* low friction lifting mast
provides excellent platform rigidity

**Largest platform size in
class; smallest working
footprint**
